Dear Steve:

Just an overdue note to thank you for an exceptional display on July 3. I do not have to tell you that you "wowed" the crowd. Several people thought it was the grand finale three times during the show. One comment relayed to me by someone from away -- did not bother to attend fireworks because a little town like Jackman probably would not put on much of a display. Wrong! I am enclosing copy of a "thank you card" from one of our residents -- it says it all.

With deep appreciation for an outstanding job. I look forward to working with you again next year.

Sometime, as the Vice-President of the Jackman-Moose River Chamber, I would like to discuss what could be done for a winter event.

Thank you again. OUTSTANDING! Please relay our appreciation to our shooters.

Sincerely,

Kathleen MacKenzie
Town Manager
